"Tailor is a very smart player. She has incredible vision and great timing, especially in the open court. She's the type of player who makes others around her better because of the way she passes the ball. Tailor can take a smaller defender out down in the low block and score with her back to the basket or she can step out and hit a three. She's very versatile with good size and a great head on her shoulders."

— HEAD COACH AMANDA BUTLER
