ADMINISTRATIVE/COACHES' MEETING

A mandatory meeting of the coaches, directors of athletics/senior women's administrators, and sports information directors of the competing teams is scheduled for Thursday, May 15th, at 7:00pm in the second floor conference room of the Lemerand Center. A \$200 fine will be assessed for noncompliance with this policy. Competitors will not be permitted to attend.

Administrators are requested to bring to the meeting typewritten lists of the following (please see page 14): (1) Players names; (2) Coaching staff names; (3) Remaining individuals names comprising the 28 who should receive credentials; and (4) the number, not names of band members/mascots, including the band director.

BALLS

The Worth Championship Softball will be used for the NCAA Division I Softball Championship. Game balls will be available two hours prior to each game, for each team. Each team will be asked to “scuff” game balls during practice. The balls to be scuffed should not be used for hitting practice. Scuffed balls will be returned to the NCAA representative prior to the teams leaving the field. One new game ball will be given to each team prior to the start of each game. The game ball should be returned to the umpire.

BANDS/MASCOTS

Bands shall be limited to 25 members, including one director, who are in uniform and performing at the regional. They will be admitted via the gate list, furnished to the Tournament Director. Bands will be assigned a designated seating area with the approval of the Games Committee. The seating will not interfere with spectators, photographers or dugouts. Band members must wear their institutional band uniform.

Bands shall not play while the ball is live. Bands may play immediately prior to the teams offensive half inning (concluding with the fifth warm-up pitch), during their team’s seven-minute warm-up period and for 10 seconds after a run is scored. Before the respective seven-minute warm-up period, bands and the announcer will alternate playing music.

Institutions not represented by a band can provide the Tournament Director with taped music to be played by the announcer during the appropriate times.

Mascots are allowed in the outfield area, not on the infield, before the seven-minute warm ups begin for each team. Once the game begins, the mascot and/or flag bearer must stay within/near their fan base area and not obstruct the view of spectators.

CREDENTIALS

The 28 members of the institutions traveling party will receive credentials. Anyone traveling with a team over 28 must purchase a ticket.

DRUG TESTING

Drug testing will be conducted at selected championships. Student-athletes who compete in this tournament may be subjected to drug tests in accordance with NCAA rules.

DUGOUT AND DETERMINATION OF HOME TEAM

All teams are limited to 27 people plus the sports information director in the dugout. A bat handler is allowed if supplied by the host. In the case of an “if” game, it may become necessary to change dugouts, if the home team changes. **No exceptions.** The home team will bat last, occupy the third base dugout, and take the in-field warm-up first.

For all regional and super regional competition, the home team shall occupy the third-base dugout, warm-up first and wear white uniforms if it owns white uniforms. The visiting team shall wear a contrasting color. The committee or its designee will resolve any conflict in the selection of uniforms. As a reminder, when teams play back-to-back games, they must be prepared to

change uniforms, if necessary. Determination of uniform colors must be approved by the NCAA representative. Non compliance with this policy may result in misconduct as outlined in the General Section.

Regionals and Finals. The home team for the first round of regionals and finals (four games) will be the higher seeded team. In subsequent games, the home team shall be determined according to the following formula:

1. The games committee shall designate as home team the institution that has been home team the fewest times (each round is considered separately).
2. If two teams have been home team an equal number of times but visiting team an unequal number of times, the team that has been the visitor most often shall be designated as home team.
3. If two teams have been both home team and visiting team an equal number of times, and if the two teams previously met, the visitor in the initial game shall be the home team in the second game.
4. If games are back-to-back, the home team shall be the visitor in the previous game regardless of the times the teams were home or visitors.
5. If two teams have been both home team and visiting team an equal number of times, the team that was the visitor in its preceding game shall be the home team unless both teams were the visitor in their preceding games.
6. If the preceding formula does not prevail, the home team shall be determined by a coin toss (higher seed calls the coin toss).
7. When teams play back-to-back games, they must be prepared to change uniforms and dugouts, if necessary.
8. In the single-elimination final game only at the Women's College World Series, if one team is undefeated, it will be the home team.

GAME SCHEDULES

The regional will be conducted over a three-day period beginning on Friday, May 16th. All regional competition should be completed no later than the Sunday before the start of the Women's College World Series. (Exceptions (i.e., weather), may preclude the completion of competition by Sunday). Please see the Schedule of Events for times of games.

In all four-team regional tournaments, Games 1 and 2 will be played on the first day. Games 3, 4, and 5 will be played on the second day. Game 6 and 7 (if necessary) will be played on the third day.

HOSPITALITY

A Player/Coaches/VIP Hospitality tent will be set up on the soccer practice field. Light snacks will be provided at appropriate times of the day. The hospitality tent will open at noon on Thursday, May 15th, and remain open until the end of the regional championships.
