COACHES' MEETING

The coaches' meeting will be conducted at the championship site to discuss the administration of the championship and other pertinent items. The meeting will include information on the provisions of Bylaw 31.1.8 which prescribes conditions under which a student-athlete or representative of an institution may be disqualified from further participation in the championship for reasons of misconduct. The coach or the official designated representative from each institution must attend the meeting. Failure to do so may result in a \$100.00 fine. Competitors will not be permitted to attend the coaches' meeting.

The NCAA coaches' meeting is scheduled for Friday, May 11, 2007, at 6:00 p.m., in the conference room at the tennis complex. A social for all competing teams will be held following the coaches' meeting (6:30 p.m.) at the Women's Club.

COACHING AND PLAYING - COURT RESTRICTIONS

Coaching will be permitted at the championship, provided it does not interfere with play.

In the Division I championships, each head coach will be permitted to designate two assistant coaches, including student-athletes. These individuals must be designated on the lineup sheet before each match. Head coaches must be able to verify that the designated assistant coach is recognized by the institution. Coaching is permitted by both coaches and players: however, only one individual may coach on a court at one time. Coaches will not be permitted to use electronic devices to communicate with one another or student-athletes.

No one other than the participants will be allowed on the playing court or on an adjacent court, except in case of injury or illness. A coach or designated assistant coach may sit (or stand if the facility dictates) near the net post. A coach may change courts when his movement will not interrupt play. Coaching is permitted by coaches standing anywhere outside the fence surrounding the court, as long as this does not distract the other player during a point. Coaches may coach on the playing area only during a changeover.

CONCESSIONS

Concession stands will be open at the Linder Stadium at Ring Tennis Complex during the championships.

DEFAULTS

All matches will be scheduled at definite times. Any player not ready to play after the match is called is subject to the USTA penalty for delay of match.

Any player who acts in any way that is not in the best interest of the game may also be defaulted. Additionally, misconduct by a coach will result in a first warning and further misconduct will warrant removal from the match. This decision will be made by the head referee and/or games committee.

DIVISION I CHAMPIONSHIP STRUCTURE

The Division I women's championships shall consist of team and individual championships. The Division I women's tournament shall be conducted according to the format approved by the Division I women's tennis subcommittee. All matches shall be played outdoors, weather permitting. At all times, the referee, or a designated replacement, in consultation with the games committee, shall determine which matches shall be played indoors. The team championship shall comprise 64 teams. Individual championships shall consist of 64 singles players and 32 doubles teams.

Team: The teams will play a single-elimination tournament at 16 first- and second-round sites (four teams at each site) and the finals site (16-team bracket) to determine the national champion. The matches shall be regulation dual matches (three eight-game, pro-set doubles played for one team point, followed by six singles matches, each valued at one team point, played best of three sets). Regular scoring will be used and a 12-point tiebreaker will be played at eight games all in doubles and at six games all in singles.

DRUG TESTING

Student-athletes who compete in these championships may be subjected to drug tests in accordance with Bylaws 18.4.1.5 and 31.2.3 and may be determined to be ineligible as a result thereof. Only student-athletes who have consented in writing to such testing initially are eligible for these championships, and thereafter, student-athletes who are tested shall remain eligible only if they test negative.

FACILITIES

The Linder Stadium at Ring Tennis Complex contains 12 outdoor courts and 3 covered courts. The stadium seats over 1,000 spectators. There are restrooms on site, but the complex has limited shower facilities (please see Appendix "C").

LINEUPS/REPLACEMENTS/ALTERNATES

All 64 teams must submit the official NCAA lineup card to the NCAA national office no later than 1:00 p.m. EDT, on Monday, April 30th, 2007. Teams will have the opportunity to review other teams' lineups on the Web site and submit challenges to the NCAA national office between 9:00 p.m. EDT, Tuesday, May 1st and Noon EDT on Thursday, May 3rd. The Division I Women's tennis subcommittee will conduct a conference call at 11:00 a.m., EDT, on Friday, May 4th, to rule on any appeals and finalize the lineups. Final lineups will be posted on the NCAA's Web site by 6:00 p.m. EDT, Friday, May 4th. The games committee has the right to review and, if necessary, overrule a coach's decision regarding a lineup. The lineup must consist of six players present and physically capable of competing. The following will be taken into consideration: won-lost records at each position played; number of significant matches played at the proposed position; and other extenuating circumstances.

Substitution: In team competition, if a player is injured during the pro-set doubles and that player is in the singles lineup, substitutions may be made for singles play but the lineup must follow the order of ranking submitted on the lineup form.

In case of injury, illness or extreme circumstances that would prevent a player from participating in a match, a coach may revise the team's doubles combination but must keep it in order of strength as shown by records listed on the official lineup form. Any changes must be approved by the games committee.

In the singles and doubles championships, in case of injury, illness or extenuating circumstances before the opening round, alternates selected by the subcommittee shall be substituted in numbered order if available. The substitution of alternates will be dictated by the maximum field size.

A match is considered underway once the individual players begin their warm-up on the court.

Institutions may send alternates to the championships site; however, alternates' expenses are not paid unless they compete.

MEDIA INTERVIEW POLICY

Any coach and student-athletes requested by the media will be available for interviews immediately after a 10 minute cooling-off period (i.e., 10 minutes after a competing team completes its match). The interview area is located inside the Women's Club and will open to all certified members of the news media.

Regardless of regular season radio or television contract(s), the coach is obligated to the entire covering media during the championship and must report to the interview room immediately after the 10-minute cooling-off period. The coach cannot delay a post-competition interview with the covering media to conduct a program for a single newspaper, radio, or television reporter unless requested to remain for a short interview (not to exceed four minutes) by the television entity that has been granted television rights by NCAA Productions.

Coaches cannot make themselves available to selected media representatives before the conclusion of the 10-minute cooling-off period ends, and make themselves available to all media representatives staffing the championships.

PARKING

Limited parking is available at the law school lot next to the tennis stadium. Please follow signs for parking area marked for teams and officials.

PLAYER APPEALS

A player may request linespersons, who will be provided if available. Play will continue within five minutes while attempts are being made to obtain a linesperson. A player or coach may request a foot-fault judge. A player cannot call a foot fault on an opponent. Foot faults shall be enforced strictly during all championships competition.

PLAYING RULES

The USTA and ITA rules will be followed, unless superseded by modifications adopted by the Men's and Women's Tennis Committee. The following modifications have been adopted by the committee:

1. Changes in the lineup for reasons other than injury or illness must be requested two hours before the scheduled start of the match to the chair of the games committee. The games committee has the right to review and, if necessary, overrule a coach's decision regarding a lineup change based on the ability of the players and the matches during the last half of the season.
2. The Intercollegiate Tennis Association carryover rule will be in effect for the entire championships period (both team and individual). Penalties may be carried over to the institution's next match. The ITA carryover rule will commence with the regional tournaments. Penalties may be carried over from a regional site to the institution's or individual's next match at the final's site.

PRACTICE

The Varsity Tennis Courts at Linder Stadium will be available for practice beginning on Friday, May 11th, from 8:00 a.m.-7:00 p.m., and continue through the tournament. Please contact Natalie Gonzalez at 352/375-4683, ext. 6043 or on her cell at 352/316/4297, to reserve practice times.

PRESS OPPORTUNITY/PLAYER INTERVIEWS

Players and coaches may be asked to speak to the media before their practice sessions on Friday, May 11th. Each school's Sports Information Director will be notified in advance should media desire a coach or player from a competing school. Interviews may take place in the courtyard next to the varsity courts at the Ring Tennis Complex.

Other participants at the time of the injury should be evaluated by medical personnel for the presence of blood from the injured student-athlete. All blood on the skin of non-bleeding individuals should be thoroughly cleaned. Any equipment, including tape, padding or uniform, that is saturated with blood should be changed.

The time needed for the procedure necessary to treat this type of injury will not be charged as an injury timeout. When changing sides, the players may take a maximum rest period of 90 seconds. In the Division I team championship, single play will begin 10 minutes after the doubles point has been concluded. In the Division I individual championships, rest periods will be allotted as follows: match time of less than one hour – rest period of 30 minutes; match time of one to 1½ hours – rest period of one hour; and, match time of more than 1½ hours – rest period of 1½ hours. In addition, a competitor must have 12 hours of rest between matches on consecutive days.

The Florida SID office will assist each team's Sports Information contact with these requests. The interview area for the tournament will be located at the Women's Club off Woodlawn Drive.

REST PERIODS AND INJURY TIMEOUTS

In the event of an injury, the USTA rules will be modified. Aggressive treatment of open wounds or skin lesions should be followed. In particular, whenever an athletics participant suffers a laceration or wound where oozing or bleeding occurs, the practice or match should be stopped at the earliest possible time, and the player should be given the appropriate medical treatment. The student-athlete should not return to the match or practice without approval of medical personnel.

A student-athlete who is bleeding should be addressed consistent with the aggressive-treatment statement above. While the wound is being attended, an assessment of the individual's skin, uniform, and equipment should be made by medical personnel. All blood on the skin should be thoroughly cleaned.
