Megan Akre, LSU, Pentathlon Champion

On winning the pentathlon as a senior and going from fourth to first in the final event:

"In my senior year, to go out as an SEC champion – it can't get any better than this. I've worked four long, hard years for this. In the 800m, I wanted to get out strong on the first lap and then relax, but then the third lap is where I kicked it in and held. I haven't ever run the 800m quite like that."
